

Disclaimer

This repository has been developed with the explicit aim of providing the widest possible audience with access to the scientific resources gathered by TNO within the context of the European H2020 project ESPrIT.

The material on the website is used within an Open Access framework . TNO makes every reasonable effort to reach agreement on the use of digital texts and images with the holders of the intellectual property rights. In some cases this may not be possible because one or more entitled parties or heirs cannot be traced or because the policy of the publisher is unknown to the administrators of the repository.

Persons or institutions who wish to exercise potential rights to texts or digital objects published on the website of the TNO Repository should contact TNO, specifying the title of the material. In such cases, TNO administrators may have to amend or remove the material.

This site is designed for educational, social and non-profit-making purposes. No payment is made for material submitted for publication and reference on the site. TNO accepts no responsibility and every user shall in all cases be entirely and solely liable for the use and consequences of the use of the material on the website or any infringement of proprietary rights of a third party. Dutch law will be applicable.
